

CHECKLIST A
PROJECT DESCRIPTION

CHECKLIST A	
PROJECT DESCRIPTION	
<u>Location</u>	
Country	
Province, Region, Department	
Township, Village	
Available Maps (<i>list</i>)	
Specific parcels of land and buildings needed (<i>list</i>)	
Access roads needed (<i>list</i>)	
<u>Fuel</u>	
Type – biomass (<i>by type</i>), solar, wind, water, hydrid	
Sources of Supply	
Documents Verifying Availability of Supply (biomass surveys, solar insolation, wind surveys, hydrological data)	
Competition for Supply	
Price	

<u>Technology</u>	
Fuel Growing (biomass)	
Fuel Collection and Transport (biomass, hydro)	
Storage (biomass, hydro)	
Conversion Process (describe)	
Interconnection, Transmission (if sold in bulk or to a mini-grid)	
Availability of Equipment Suppliers	
Availability of Installation or Construction Contractors	
Availability of Operators or Service Companies	
<u>Customers</u>	
How many?	
If many, what is their ability and willingness to pay?	
If few, how creditworthy are they?
